

# THE HALLMARK

THE HERITAGE | LEGACY TOWER | UPTOWN OAKS

17 September 2021

Dear Residents/Responsible Parties,

COVID numbers are down slightly in Houston/Harris County this week however remain in the high teens in terms of percentage. To the best of my knowledge, we do not have any residents testing positive on our campus, however we do have two (2) staff members recuperating at home and a third going through testing protocols.

After careful consideration with our staff and the dining committee, I am happy to announce the dining room will be open beginning on Monday, September 20<sup>th</sup>! We anticipate having some tables available with the dividers for those who wish that, with the rest of the tables available without dividers.

We continue communications with Walgreens to set a date for flu shoots and COVID booster shots. There is some data indicating it may not be a good idea clinically to do both at the same time, so we are relying on the experts to tell us how we should proceed. Our Walgreens representative indicated on Wednesday that he anticipated having date(s) available sometime next week and we will send out a communication once we get confirmation.

In other news, we received and accepted the proposal from our interior design firm to coordinate updates to the lounge, dining room and community center chairs this week. Next steps include proposed furniture/finishes presentations within the next 2-3 weeks, followed by ordering, shipping and installation. Will keep you all apprised of installation dates once we have a firm commitment from manufacturers.

It has been heartwarming to see the level of generosity of our residents as evidenced by the growing piles of supplies for hurricane victims in Louisiana. Those supplies will be shipped shortly and will be greatly appreciated by those who receive them.

As always, stay safe and feel free to contact me with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read 'Harold Ermshar', with a large, stylized flourish at the end.

Harold Ermshar  
Executive Director
